

**RoHS Statement of Compliance:**

Lead, Mercury, Hexavalent Chromium, Cadmium and Brominated compounds, such as polybrominated biphenyls and polybrominated diphenyl ether have not been analyzed specifically. These compounds are not intentionally added, and the raw material components do not contain any of these substances. This statement is based on the raw materials used in the manufacturing process, in conjunction with the information provided on the [MSDS sheet](#) for those raw materials.
